

Thank you very much for your patronage this season. I do hope that you have enjoyed your summer.

With Labor Day upon us, you will soon be planning your return to FL for another warm winter. We are committed to making your arrival and stay this winter as carefree and enjoyable as possible. October – December is a VERY busy period for service personnel. As you finalize your return plans please inform me so I may schedule requested services.

Service Offerings

Please remember to contact us in advance of your return so we may prepare your property.

Obviously to open a home in an efficient manner there is a preferred order that we like to follow, thus service providers must be coordinated with each other.

Pressure Washing

Exterior walls & soffits and/or lanai

Driveways

Roofs - Tile roofs should be cleaned every 2 - 3 years depending their susceptibility to mold. We have had very good luck with a roof treatment program that alleviates the need for future cleaning in most cases.

Windows

Bugs, dust and grime have accumulated on windows & tracks over the summer months. Allow us to clean windows or windows & tracks before your return. Please advise outside or inside & out.

Interior Cleaning

Your home may need a fall cleaning before your return. Please provide your return date so we may discuss your needs and schedule your property for this service.

Interior Cleaning

You may want us to clean your home periodically while you are in residence. We offer plans for weekly, bi-weekly & monthly cleaning.

We will **always** accommodate HomeWatch clients who are in & out periodically.

Carpet / Tile Cleaning

Carpet - Please advise if you wish to have heavy furniture moved prior to carpet cleaning. Standard practice is to clean around beds and couches etc...

Tile/Grout - Please advise if you wish your grout to be sealed

Driveway Sealing

Sealing paver driveways every 2 years reduces the adverse effects of oils & rust deposits along with helping to control weeds and retain color.

Moving Items

Please advise if you wish us to move items from the garage out to the lanai area (grill, furniture, etc..)

Auto Detailing

We have begun working with an excellent auto detailing company. If you wish your auto to be looking like new on your arrival or spiffed up after the long trip please allow us to arrange a detailing to meet your needs.
